1. Executive Summary

Impact Force Poverty Alleviation intends to transform its fundraising operations using **Salesforce Experience Cloud with Non Profit Cloud data model**.
The solution will digitize:

- Enquiry capture as **Leads**
- Donor self-registration through portal
- Secure online donation using **Razorpay**
- Automatic creation of **Household, Contact, Donation Transaction & receipt**
- Instant English receipt to individuals
- AI assistance through **Agentforce**

This unified platform will eliminate manual tracking, improve transparency, and increase donor trust.

---

2. Project Background

Currently the NGO manages donors through spreadsheets and emails. People who register but do not donate are not tracked, receipts are prepared manually, and there is no 24×7 support.

Implementing Salesforce with Experience Cloud will:

- Track every registrant as a **Lead**
- Convert paying donors to **Constituents**
- Automate financial reconciliation
- Provide real-time dashboards for management.

---

3. Project Objectives

- Capture all website visitors as Leads
- Enable online donation in INR via Razorpay
- Automate donor & donation creation
- Send instant receipts

- Provide AI chatbot for queries
- Deliver management reporting.

---

4. Current Challenges (As-Is)

Challenge	Business Impact	Current Method
No lead tracking	Lost potential donors	Google forms
Manual receipts	Delay & errors	Word/PDF
No reconciliation	Finance effort	Excel
No 24×7 support	Poor experience	Phone
No dashboards	Low visibility	None

---

5. Proposed Salesforce Solution (To-Be)
